

WILSON SENDS ATLANTIC FLEET TO TAMPICO TO FORCE PUBLIC SALUTE

High Official Says Future Developments Depend Upon Huerta Himself

ISSUE NO ULTIMATUM

Forty-Six Warships and 21,000 Men Will Comprise the Force Off Tampico

REBELS CAPTURE SAN PEDRO

BULLETIN.
Washington, April 14.—Rear-Admiral Mayo, through Rear-Admiral Fletcher at Vera Cruz late today reported to the navy department: "The attack of the constitutionalists on Tampico is undoubtedly over and the refugees who were taken on board battleships at Tampico are now being landed."

BULLETIN.
Chihuahua, April 14.—Midnight—General Carranza having received a full report of press despatches bearing on the Tampico incident, was pressed for a statement. He exercised great care in preparing one but it avoided direct reference to the complication and left inquiries to draw what inferences they might from a declaration that the revolution must continue to the end.

Washington, April 14.—President Wilson today ordered practically the entire Atlantic fleet to Mexican waters to force a public salute to the stars and stripes from the Huerta government as an apology for the arrest of American bluejackets at Tampico last Thursday. No ultimatum has been issued, that is, no specified time has been set within which the Huerta government must comply, but the naval demonstration has been ordered as a concrete evidence of the fixed determination of the United States to back up Rear-Admiral Mayo's demand for a salute. Up to tonight General Huerta had not made satisfactory response to that demand.

"Future developments depend upon Huerta himself," was the way a high administration official close to the president summarized the situation. The decision to send the fleet was reached after the president and Secretary Bryan had conferred for an hour with John Lind, personal representative of the president in Mexico and after a further cabinet meeting during which despatches from Charge O'Shaughnessy revealed that the Huerta government disputed the right of American marines to be ashore at Tampico and contended its recent public statement of apology was ample.

Will Be Largest Fighting Force.
Immediately after the cabinet meeting adjourned Secretary Daniels issued his order to the Atlantic fleet and wireless messages flashed up and down the Atlantic coast to put the fleet under steam for Tampico. It will be the largest fighting force the American government has assembled for possible action since the Spanish-American war. Forty-six warships and twenty-one thousand men will comprise the force off Tampico. Everywhere, at the white house, the senate department and the navy department, the hope was expressed that the dispatch of the fleet would not lead to serious consequences and there was a confident prediction among administration officials that General Huerta would see the wisdom of satisfying the American demand and close the incident. Officials were careful to point out that negotiations with the Huerta government had not ended and that the way was still open to General Huerta to make amends.

In the meantime the navy department sent complete instructions to Rear-Admiral Badger, commander-in-chief of the Atlantic fleet on board the battleship Arkansas at Hampton Roads. Rear-Admiral Fiske, chief of the bureau of operations, left here for the Roads tonight to personally explain to Admiral Badger the diplomatic side of the situation and the despatches from Rear-Admiral Mayo thus far received.

Rear-Admiral Badger's force at Tampico not including vessels held in readiness, but not actually ordered to the scene, will comprise eleven great battleships with many cruisers and auxiliary, carrying in all about 15,000 men.

Give Details of Fleet.
A statement issued by the navy department tonight said:

"The complements of the seven battleships of the Atlantic fleet which will proceed to Tampico will total about 6,300 men. There will be 2,500 marines available at Tampico as a landing force, fully equipped for field service. There will be eleven battleships in Mexican waters, with a total complement of nearly ten thousand men.

"Arkansas, flagship of Rear-Admiral Badger.

"Florida, flagship Rear-Admiral Fletcher.

"Utah, Connecticut, flagship of Rear-Admiral Mayo.

LONDON PAPERS COMMENT.
London, April 15.—The Daily Mail in an editorial this morning considers that the United States "is on the very edge of armed intervention in Mexico, with all its incalculable consequences."

The Post, asking whether President Wilson has "lost faith in his policy of watchful waiting," thinks it more than likely that the naval demonstration is intended as a warning to the constitutionalists as well as to Huerta, but that even if Huerta yields and the constitutionalists desist from the destruction of foreign property the general problem will be no nearer solution.

"It is difficult to see," the Post adds, "how intervention can be avoided."

"Louisiana, flagship of Rear-Admiral Boush.

New Hampshire, Michigan, Vermont, Minnesota, New Jersey, South Carolina.

"Also Chester, Dolphin, San Francisco, Des Moines, Prairie and Hancock, with a total landing force of 2,500 marines.

"The Tacoma, now at Boston has been ordered to Tampico via Newport to convey a draft of men in Mexican waters.

The Gunboat Nashville, now at Monte Cristi, San Domingo, has been ordered to Guantanamo, to coar and thence to proceed to Tampico. In addition the Battleships Rhode Island, Nebraska, Virginia and Georgia, are available if needed but as these vessels are now docking it has not yet been decided whether they will join Admiral Badger's force. Also the Battleships Wyoming, Texas, New York, North Dakota, Delaware and Kansas are available if needed.

"The Hancock will leave New Orleans for Tampico Wednesday morning with the first regiment of the expeditionary force of marines, fully equipped for field service. The Hancock will also carry a three inch field battery and equipment.

"The torpedo flotilla Atlantic fleet at Pensacola with the Flagship Birmingham and Tender Dixie have been directed to hold themselves in readiness for service in Mexican waters.

"The order for the mobilization of the fleet including all auxiliaries and the marine regiment at New Orleans was issued in six minutes after the order was given by the secretary of the navy.

"The hospital ship Solace is en route to Tampico from New Orleans. The Solace is fully equipped with the most modern hospital equipment.

"The supply ship Celtic is loading at New York with a cargo of refrigerated meats and supplies, sailing on the sixteenth.

"The Colliers Vulcan and Jason are en route with full cargoes of coal.

"The Colliers Orion and Nereus are ready to proceed to Tampico.

"The Ward Liner Esperanza has been chartered by the navy department and has been placed at the disposal of Rear-Admiral Fletcher at Vera Cruz for the accommodation of refugees at Tampico."

Gives Attention to Pacific.

While the navy moved on the Atlantic Coast, Secretary Daniels was tonight giving his attention to the situation in the Pacific. Most of the American war craft in the Pacific already are in Mexican waters. While the navy was active, not a wheel turned in the army. Two explanations for this were advanced—the desire that the constitutionalists who are in control of Northern Mexico should not misinterpret the action and the fact that the United States already has a big fighting force within striking distance of Mexico. Twelve thousand troops are at Texas City where four army transports are at anchor and thousands of cavalry and infantry are spread along the border where they can be moved quickly. High administration officials do not expect critical developments but they are prepared for any emergency.

Secretary Bryan, who is ill had intended to leave tonight for Miami, Fla. He cancelled his reservation and announced he would stay in Washington indefinitely. Senator Shively, acting chairman of the senate foreign relation committee, had a long conference with Mr. Bryan and called at the white house as well. He said that at the regular meeting of the committee tomorrow he would transmit all the information he had obtained today.

News of the despatch of the fleet to Mexican waters was received in congress with general satisfaction. In the house Representative Murdock of Kansas publicly proclaimed the news of Secretary Daniels' order and there was a mild demonstration of approval. No public announcement was made in the senate, but the news spread quickly about the chamber and into committee rooms where senators were engaged in official business.

Will Have Week to Answer.

While the ships are under way General Huerta will have practically a week in which to answer the American demands. The crisis in the situation is expected to come if General Huerta declines to yield by the time the Atlantic fleet arrives. Various succeeding steps were being discussed among naval officers today and those familiar with precedent said there was no exact parallel in international law. It was pointed out

by some that the United States might land marines and seize Tampico to obtain satisfaction for the incident but this raised the question of whether or not an act of war will be involved. The Washington administration has pronounced itself on the subject of landing marines or marching armed forces into Mexico as regarding such acts in the nature of war unless permission is given by the government in control of the territory invaded. Inasmuch as no government is recognized in Mexico but a state of anarchy exists, the American government may establish its own precedent in the case. It is not considered likely that, if marines actually were landed and the American flag taken ashore in satisfaction for the affront occasioned by the arrest of the marines any further measures would be insisted upon. Some officials pointed out that the Huerta commander might not resist the landing of American marines inasmuch as he is hemmed in on land by the constitutionalist forces. Should he consent to a peaceful landing of the marines, it is likely that they soon would be withdrawn.

Can Sail This Afternoon.
Rear-Admiral Badger tonight telegraphed the navy department: "Can sail from Hampton Roads tomorrow afternoon with Arkansas, Vermont and New Jersey. The New Hampshire may be delayed a few hours for coal and provisions, will follow as soon as possible. Louisiana and Michigan will be directed to follow and South Carolina ordered to wait fleet at Key West."

This dispatch came from the Transport Hancock at New Orleans: "Receipt of orders to proceed at once to Tampico with regiment of marines without advance base outfit acknowledged. Ship ready to sail since ten o'clock Monday night. Brigade commander believes marines and necessary field equipment can be reembarked ready for sailing Wednesday morning."

New light was thrown on the circumstances attending the arrest of the Dolphin's men by a dispatch to the Navy department from Rear-Admiral Fletcher made public late tonight. A statement by the department said:

"Admiral Fletcher reported to the department at 3 o'clock p. m., Tuesday, that Admiral Mayo reports from Tampico that no intimation was received by him of the existence of martial law or of objection to boat taking supplies, stewards' orderlies, etc., were going ashore when necessary. Only part of the whale-boat's crew of the Dolphin were out of the boat to handle stores. The men of the boat's crew were blue-jackets, not marines."

Rebels Take San Pedro.

Juarez, April 14.—The rebel wounded during a six day's battle at San Pedro de los Colonias, east of Torreon, is placed at 500 in an official report of General Villa to General Carranza, in which the combined forces of the federals, said to have numbered 12,000 to 15,000, were defeated by ten or twelve thousand rebels.

General Carranza forwarded the report to Rafael Zubaran, his secretary of the interior, who remained here after Carranza and other officials removed the provisional capital at Chihuahua.

General Villa's report dated yesterday reads:

"I have the honor to communicate to you that after six days of terrific fighting the town of San Pedro de los Colonias was today at 7 p. m., evacuated by the enemy which was under the command of Generals Velasco, de Moura, Maas and others. "Before the evacuation they set fire to the greater part of the city. In these moments my troops are taking possession of the city. Tomorrow I will forward the details of the battle to you. My only regret is that 500 of my troops were wounded in today's assault. I have captured 700 prisoners. I hope that the great sacrifice of human blood will be for the welfare of our country."

ILLINOIS GOOD ROADS WILL BE GIVEN SEND OFF TODAY

CHICAGO, April 14.—Good roads in Illinois will be given a send-off tomorrow when various county organizations will assemble at Mooseheart, Kane county, to see the first shovel full of earth turned on the Lincoln Highway in this state. Governor Dummer will deliver an address at the ceremonies.

The Associated roads organizations of Chicago and Cook county, will deliver tomorrow in gold coin prizes of \$800 offered in road dragging contests in Cook, Will, DuPage, McHenry, Kane, Lake and Kankakee counties.

ONE KILLED AND TEN INJURED IN INTERURBAN COLLISION

CEDAR RAPIDS, April 14.—Morton Thomas Mullen, of Marion, is dead and ten persons suffered injuries as the result of a collision between two interurban cars.

The more seriously injured were: Julius Schumacher, of Davenport, leg broken and foot mashed; Lee Ford, Cedar Rapids.

Mrs. Maude Davis and daughter Marion.

Mrs. Dunlap, Springfield.

Mrs. Jordan, Springfield.

CONTENT THAT DRYS WON.

Ottawa, April 14.—Anti-saloon leaders here contended today that the drys won the township election a week ago in spite of the order of Supreme Court Judge Craig preventing the submission of the wet and dry proposition to the voters. In a petition filed in the county court it was asserted today that five voters wrote the anti-saloon territory on the ballot and voted yes on the proposition. The drys today contested the election.

WITNESSES SUPPORT VIEW OF PRESIDENT

HENRY WHITE, FORMER AMBASSADOR TO FRANCE, TESTIFIES

Tells Committee It Was Never His Understanding Nor That of British Negotiators of Treaty That United States Contemplated Exemption of Coast Wise Shipping.

TUESDAY IN CONGRESS.

Senate.

Met at noon.

Professor Emory Johnson testified on the Panama tolls exemption repeal before the canals committee.

Senator Hitchcock's resolution calling on the federal reserve organization committee for the conclusions upon which it selected the twelve reserve bank cities was passed without discussion.

Secretary Daniels endorsed the plan for a naval cruise.

Adjourned at 5:30 p. m., to noon Wednesday.

House.

Met at noon.

Resumed debate on the legislative appropriation bill.

Representative Henry's resolution calling on the inter-state commerce commission for information of relations between coast wise steamship lines and transcontinental railroads was favorably reported by the commerce committee.

Adjourned at 7 p. m., until noon Wednesday.

Washington, April 14.—Henry White, former ambassador to France and Secretary to the American embassy at Great Britain at the time the Hay-Pauncefote treaty was negotiated told the senate committee on inter-oceanic canals today that it never was his understanding nor that of any of the negotiators for Great Britain that the United States ever contemplated exempting coast-wise shipping from Panama tolls. Another witness who supported the view of the president that toll exemption for American ships should be repealed was Prof. Emory R. Johnson of the University of Pennsylvania, a former member of the Isthmian canal committee and employed by former President Taft to frame a toll schedule for vessels passing through the canal. While the hearing was in progress the senate, at the instigation of Senator Brandegee, Republican member of the canals committee who repeated a toll exemption resolution adopted by the senate in 1906, adopted a resolution calling upon the secretary of state, if not incompatible with the public interest to submit all correspondence connected with the negotiation of the Clayton-Bulwer treaty and the treaty with Panama. Little discussion of the tolls controversy developed outside the senate by Secretary Tumulty made public at the white house more than five hundred telegrams received within the last 24 hours from Democrats in all parts of the country expressing approval of the president's repeal policy. These messages, Secretary Tumulty asserted, were unsolicited.

In detailed examination on the economic side of the tolls question Prof. Johnson took the position before the canals' committee that foreign trade would suffer discrimination by American goods being shipped free of tolls to Pacific coast points from the Atlantic seaboard and then transship to the Orient. Professor Johnson further asserted that the canal should be managed as a business proposition so that those who derived direct benefit of the waterway rather than the tax payer should bear its expense.

Spurs Committees To Action.

Washington, April 14.—President Wilson's reiterated desire for completion of the anti-trust programme at this session of congress spurred committees in both houses of congress to action today. The house judiciary sub-committee responded with the introduction of the omnibus bill, including trust regulation measures and provisions to meet demands of labor for restriction of injunction powers and to insure jury trials in contempt cases.

Members of the senate sub-committee on inter-state commerce conferred late in the day and agreed to submit to the full committee as soon as possible a tentative draft of a long considered measure to supplement the Sherman law, which will differ in many respects from the house measure.

In introducing the house bill Representative Clayton, chairman of the judiciary committee, announced that the full committee would meet next Thursday to consider it and that he hoped the measure could be reported in the near future.

Exemption of labor and agricultural organizations from the ban of the anti-trust laws is provided in the house measure in a section declaring that "nothing in the anti-trust laws shall be construed to forbid the existence and operation of fraternal, labor, consumers, agricultural or horticultural organizations orders or association operating under the lodge system, instituted for the purpose of mutual help and not having capital stock or conducted for profit, or to forbid or restrain individual members of such orders or associations from carrying out the legitimate objects of such associations."

TO TRY CASE INVOLVING VALIDITY OF STERILIZATION ORDER FRIDAY

Attorney General Cosson of Iowa Will Recommend That Order Be Revoked By Board of Control.

Keokuk, Iowa, April 14.—The case involving the validity of the order of the Iowa state board of control, directing the sterilization of certain convicts in the Fort Madison penitentiary did not come up in the federal court here today as expected but will go to trial Friday before Judge Smith of the circuit court of appeals, Judge Pollock of the Kansas district and Judge McPherson of the Southern District of Iowa.

Attorney General Cosson of Iowa has submitted an opinion in which he expresses the view that the Iowa vasectomy law is ex-post facto as applied to convicts now in Iowa prisons and will recommend to the board of control that the order of sterilization be revoked. The state is willing to consent to a dismissal of the case as to the complainants but Attorney George B. Stewart, who represents twenty-three of the Fort Madison convicts, will insist that the hearing proceed and the constitutionality of the act determined judicially.

WHITMAN DISCREDITS PART OF CONFESSION OF "DAGO FRANK"

NEW YORK, April 14.—District Attorney Charles S. Whitman discredits that part of the confession of "Dago Frank" Cirochi, made before the gunman was put to death in Sing Sing prison yesterday which charged that Harry Vallon a witness for the state in the trial of the gunman was one of the men who fired the shots that killed the gambler, Herman Rosenthal.

Regarding the statement of "Dago Frank," that he did not know Charles Becker, the police lieutenant whose conviction for the murder was reversed by the state court of appeals and who will be tried again probably next month, Mr. Whitman said he had never contended that the confiding gunman was acquainted with Becker. Becker probably knew two of the gunmen, the district attorney said, "but there is no evidence that he and 'Dago Frank' had met."

Mr. Whitman is said to believe that "Dago Frank" was animated by a spirit of revenge in naming Vallon.

PASSENGER SHOT IN ATTEMPTED HOLD-UP DIES OF HIS WOUND

SEATTLE, Wash., April 14.—Charles F. Swartz of Snohomish, Wash., the passenger wounded last night when Clarence Trew and William Sears attempted to hold up a Tacoma-bound interurban train at Riverport, south of Seattle, died today. Swartz was shot in the left leg by Sears' pistol in a fight when passengers overpowered the robbers.

The prosecuting attorney announced tonight that he would file an information tomorrow charging Sears with murder in the first degree. Trew who was beaten into insensibility with a hand drill wielded by one of the passengers, died tonight. Sears will recover.

CO-OPERATION AMONG FRUIT GROWERS PROVES A SUCCESS

CHICAGO, April 14.—Co-operation among fruit growers has proved an absolute success in the west according to the address today by H. J. Eastace, professor of horticulture at the Michigan agricultural college to the joint meeting of the national marketing and credits conference and the Western economics society.

In the grain section a statement in the paper by John C. Merrill, president of the Chicago board of trade, that higher freight rates were desirable, was met with spirited opposition and provoked the most energetic debate of the day.

FRENCH HEAVY-WEIGHT CHAMP KNOCKS OUT ENGLISH BOXER

PARIS, April 14.—George S. Mitchell, the amateur heavy-weight champion of North England was knocked out tonight by the French champion, Georges Carpentier, in the first round after one minute and thirty five seconds of fighting. At that he managed to last twenty two seconds longer against the Frenchman than did Bombardier Wells in his bout with Carpenter at the National Sporting club in London a few months ago.

DENY REHEARING OF PFANSHMIDT CASE.

Springfield, Ill., April 14.—The state's petition for a rehearing of the Ray Pfanschmidt murder case was today denied by the supreme court which recently reversed the conviction of Pfanschmidt in the Adams county circuit court and granted a change of venue to another county.

VINCENT ASTOR IS SERIOUSLY ILL AT HOME OF HIS FIANCEE

Congestion of Lungs Develops After Boating Trip on the Hudson.

NEW YORK, April 14.—Vincent Astor is seriously ill at the country place of Mr. and Mrs. Robert P. Huntington, whose daughter, Helen he is to marry on April 30th. He was stricken last night and his temperature rose to 105. He was better today but Mr. Huntington said that physicians still regard his condition as serious.

It was said that Vincent Astor had not been in good health for several weeks. Recently he exposed himself boating on the Hudson and congestion of the lungs developed. Physicians were not sure, however, that he had pneumonia.

Nicholas Biddle, an executor of the John Jacob Astor estate, said tonight that Vincent Astor was doing very well.

"He is doing so much better that he is apparently out of danger," Mr. Biddle asserted.

Vincent Astor has been ill with incipient pneumonia, Mr. Biddle said, and was now suffering from the effects of this ailment.

INDICT TOWN CLERK.

Decatur, Ill., April 14.—Town Clerk Walter Lester was today indicted by the Pana grand jury on charges of neglect to perform the duties of his office and destroying election ballots. On the morning of the local option election Lester declared he was held up by a gang of armed men who relieved him of 3000 ballots.

"WETS" WIN OUT IN BEARDSTOWN CONTROVERSY

Judge Williams Gives Opinion as Result of Hearing on Mandamus Suit.

Judge Williams in the Cass county court at Virginia has given his decision in the matter of the Mandamus suit filed by the "wets" of Beardstown, relative to the local option petition, sustaining the contention of the "wets". The "drys" were represented by Attorney Peables, of Carlinville; L. W. Fleckner, of Beardstown; L. Lloyd McClure and Attorney Everett, of the Anti-Saloon league of Illinois. The "wets" were represented by Attorney Dietrich, of Beardstown; Attorney Ferns, of Chicago, and C. G. Grady, of Virginia. The "drys" won their first tilt in the hearing when the court overruled a motion of the attorneys for the "wets" to quash the writ on the grounds that it was addressed to the wrong term of the court, the contention being that this was not the March term of the court. The mandamus proceedings were hotly contested and as a result of the decision of the judge the question of voting the saloons cannot come up until next November.

DEMANDS ARE REFERRED TO A SUB-COMMITTEE

AGREEMENT BETWEEN ILLINOIS MINERS AND OPERATORS FAR OFF

Mine Workers' Secretary Says Operators Are Not Inclined to Hurry Matters on Account of Present Overstocked Coal Market.

Peoria, Ills., April 14.—The two wage scale committees of the Illinois miners and Illinois coal operators have concluded the task of hearing the seven hundred demands and tonight referred the matter as a whole to a sub-committee, composed of twelve men. The wage scale committee will not reconvene until the sub-committee is ready to report. Secretary Duncan McDonald of the United Mine Workers tonight stated an agreement was still far off and the operators were not inclined to hurry matters on account of the present overstocked coal market.

Leaders for the coal operators declared the two factions are no nearer a settlement of the wage dispute than when negotiations started two weeks ago. The miners of the Peoria district voted today to decide whether to accept or reject the recommendations of the international policy committee but up to late tonight the count had not been completed and the result is not known.

Will Meet Next Tuesday.

Columbus, April 14.—Coal operators and union miners of the state will meet in joint conference in an attempt to arrange a wage scale next Tuesday, April 21st, at Columbus, according to announcement of miners' officials and operators made here today.

Strike Talk Crops Out.

Terre Haute, Ind., April 14.—Strike talk cropped out late today when the convention of District No. 11, United Mine Workers of America, reconvened after the Saturday adjournment.

William Houston, president of the district announced that a rejection of the policy committee's action would give the miners the right to strike if they so desired.

"Without transacting any important business the convention voted to adjourn until called together again by the scale committee."

THAW'S PETITION FOR WRIT OF HABEAS CORPUS IS GRANTED

CONCORD, N. H., April 14.—Harry Kendall Thaw's petition for a writ of habeas corpus was granted by Judge Edgar Aldrich of the United States district court today.

Thaw's petition for admission to bail, the court left undetermined taking the ground that it would be more appropriate for this to be passed upon by the supreme court.

The result of the decision is that Thaw's guardianship and condition will be unchanged for the present; but that his petition for a writ of habeas corpus will go to the highest court in the land with a decision of the lower court in his favor.

Thaw's lawyers have been summoned for a conference on the next steps to be taken. Those already here, while disappointed at the refusal of Judge Aldrich to pass upon the question of bail expressed pleasure at the general result of the decision.

DECLARE RACE TRACK UNDER MARTIAL LAW.

Tulsa, Okla., April 14.—Adjutant General Cannon early tonight ordered companies of the state militia at Chandler and Pawnee to report immediately to Tulsa to declare the race track here under martial law. Governor Lee Cruise last night declared he would take action if betting were not stopped at Tulsa race track.

SECOND VICTIM DIES.

Havana, April 14.—The second victim of bubonic plague, a Spaniard, died today at the Spanish hospital. His tomorrow morning nearly 18,000 persons must abandon the seventeen blocks which were closed last night by the sanitary authorities. Two companies of Cuban soldiers will cordon this section of the city in order to prevent the people from returning to their homes.

TO TAKE OVER TROLLEY LINES.

Washington, April 14.—Judge Walter C. Noyes, of New London; William Hyde, of Hartford; Lyman B. Brainerd, of New London; George E. Hill, of Bridgeport, and Charles Cheney, of South Manchester, Conn., were named today as trustees to take over the Connecticut trolley lines, owned by the New Haven.

JACKSONVILLE RURAL ROUTES IN GOOD CONDITION

Carriers Reports Show That They Are Nearly All Dragged—"Road Day" Work Has Really Been in Progress for Several Weeks.

Unless rain falls today there will be a good deal of work done on county roads in compliance with the proclamation of Governor Dunne but the fact remains that the roads are already in better shape than has been true at this season of the year at any previous time. One strong bit of evidence of the improved condition of the highways is contained in a report on the rural routes out of Jacksonville. These routes, eight in number, cover approximately two hundred miles of roads and the following figures taken from statements made by the carriers indicate that about 140 miles of the roads have already been dragged. The amount of dragging done on these roads is as follows:

Route No. 1.—Twenty-two miles.
Route No. 2.—All in good condition.
Route No. 3.—Eighteen miles.
Route No. 4.—Eighteen miles.
Route No. 5.—Fifteen to sixteen miles.
Route No. 6.—Fifteen miles.
Route No. 7.—Sixteen to eighteen miles.
Route No. 8.—One third of route dragged.

Although various complaints have been made because some city streets have not been dragged Commissioner Newman has had all available drags at work for several days past. Complaints are made too about various roads in the vicinity of Jacksonville, just outside the city limits and it is hoped that the road commissioners will have these put into condition today.

If you want the best you will ask your grocer for the Wild Rose Creamery butter, Jacksonville Creamery Co.

INSIST ON ATTENDANCE AT CHAPEL EXERCISES.

By reason of an increasing tendency toward disregard of the rule requiring all Illinois college students to attend regularly the chapel exercises, the faculty has put into operation a more rigid system of surveillance at the morning services. The students monitors will be done away with in the future and each student will be compelled to "mark his own time" by turning in a signed attendance card at the close of each chapel exercise. A student taking more than eight cuts per half year will be subject to discipline by the faculty.

NOTICE TO CONTRACTORS.

Notice is hereby given that sealed proposals will be received by the undersigned Commissioners of the Manuvalterre Drainage and Levee District of Morgan county, Illinois, to 2:00 o'clock p. m., of Saturday, May 9th, 1914, at the office of Caldwell Engineering Company, Scott Block, Jacksonville, Illinois, for furnishing the machinery and appliances for the complete construction and finishing of Drainage Channel, practically 5.3 miles in length, and containing approximately 222,033 cu. yds. of work to be done by means of floating dredge, and to be in accordance with plans, cross sections, profiles and specifications prepared by the Caldwell Engineering Company.

Each bidder shall enclose with his bid a certified check, cash or bond, in an amount equal to at least 10 per cent of the total amount of his bid payable to J. A. Moss, chairman. Said check to be forfeited in case the work is awarded to the Drawer; but should he fail to file and sign the bond and contract as required, the check to remain the property of the Drainage District, not as a penalty, but as liquidated damages.

All the work is to be done under the supervision of the Engineer of the District, and subject to the approval of the Commissioners and Engineer. All payments are to be made every 30 days on estimates of the Engineer equal to 90 per cent of the estimate, and the 10 per cent balance will be retained by the District until final completion and acceptance by the Engineer of all the work.

The Contractor will be required to give a bond in the sum aggregating 50 per cent of the contract price with surety approved by the Commissioners conducted for the faithful performance of the work according to the contract.

Bids must be addressed to J. A. Moss, Chairman, care of Caldwell Engineering Company, Scott Block, Jacksonville, Illinois.

Plans, profiles and specifications may be seen at the office of the Caldwell Engineering Company, Jacksonville, Illinois.

The undersigned commissioners will meet at the office of Caldwell Engineering Company, Scott Block, Jacksonville, Illinois, on Saturday, the 9th day of May, 1914, at the hour of 2:00 o'clock p. m., when and where all bids will be opened and publicly announced, and the contract awarded to the lowest responsible bidder. The undersigned, however, reserve the right to reject any or all bids.

HIGH SCHOOL DEBATE IS THURSDAY NIGHT

Negative Trip Will Go to Quincy and Affirmative Will Contest Here Against Springfield—Tri-City Track Meet Here Saturday.

This week promises to be a busy one for the high school students. On Thursday night will be the debate with Springfield and on Saturday will be the track meet with Beardstown and Springfield.

The debaters are putting the finishing touches on their debates and as has formerly been announced, the question will be: Resolved, "That the policy of fixing the minimum wage by State Boards is Desirable." Jacksonville affirmative team composed of Ruth Chipchase, Harold Williamson and Robert Nesmith will remain here and debate against the Springfield negative team composed of Fred Spaulding, John Reinbooth and Arthur Utt.

The negative team will go to Quincy and debate the affirmative of that city. J. H. S. debaters are Gladys Uzzle, Ordain Fox and Sol Weber. The judges will be Professor Edward Deer, Prof. Conger and Prof. Wallrath. The judges for the Jacksonville debate have not been fully decided upon.

Tri-City Track Meet.
Coach Buland has had a husky bunch of men training daily on the Illinois track in preparation for the meet Saturday against Beardstown and Springfield. The Capital City lads look fast for track events but not strong for the weight and field events.

Beardstown has a strong bunch of athletes and the school never makes a poor showing. Last year it will be remembered they copied out the W. I. H. S. l. m. d. Jacksonville has some good men and if able to stand against the strongest of the visitors, ought to annex the meet.

SOCIAL EVENTS.

Springfield News: The engagement of Miss Catherine Yates, daughter of Mr. and Mrs. Richard Yates, and John Lyle Pickering, Jr., son of Mr. and Mrs. John L. Pickering, was announced Tuesday afternoon in a most unique manner.

Corsage bouquets of spring flowers in small handpainted band boxes, tied with a pink ribbon, were taken by Miss Yates to the twelve members of the Book club of which she is a member, and other intimate friends. Attached to each bouquet was a hand painted cupid, announcing the engagement. The boxes and cards were were exquisite works of art, executed by Miss Yates.

Miss Yates is one of the most popular society girls of the city. In addition to her beauty and personal charm, she is an artist of much talent, having studied abroad under teachers of note.

Mr. Pickering is a native Springfield boy. He studied at the University of Illinois and at the University of Missouri. He is well known and popular.

E. E. Crabtree entertained officers of State Street church at dinner last night at his home on West State street. The officers of the church meet monthly at the home of some member of one of the boards and in this way talk over church affairs and at the same time cultivate a desirable amount of the social spirit.

The reception for the members of the Illinois College chorus and the orchestra, given by Professors Edmund Munger and William E. Kritch Tuesday evening at Academy Hall, was attended by over fifty members of these musical organizations and was in all respects a most delightful event. Light refreshments were served at a convenient hour in the library. Features of the evening's entertainment were a number of guessing games and contests in which prizes were won by Miss Mabel Forrester, Rev. Howard D. French, Uriel Goveia, Karl Hill and Miss Jeanette Reed.

ELMER COULSON OF CHAPIN BUYS AN OVERLAND AUTOMOBILE

R. T. Cassell, the local dealer for the Overland car, has sold to Elmer Coulson, assistant cashier of the Chapin bank, a new 1914 Overland car. This is the third Overland car in the Coulson family, George H. Coulson and son Irvin having purchased the others. This speaks well for the Overland as the owners, who know a good car, have had ample opportunity to test its merits.

MEETING POSTPONED.

The quarterly meeting of the McCabe M. E. church which was to have been held this evening has been postponed until tomorrow evening. A good attendance is desired.

HOW TO KEEP ACTIVE

When Old Age Overtakes Us.

Mrs. John Widmayer of Jackson, Mich., says: "Although 69 years of age, and naturally, because of my advanced age, in an enfeebled condition, I can truthfully say that Vinol has done wonders to keep me as active as I am. It is the best medicine to create strength that I ever saw. This spring I was very much run down and worn out but I took Vinol and soon felt stronger and able to work about the house. I can recommend Vinol as a very invigorating tonic."

Should the system get run down—digestive organs weak—the blood thin and sluggish—take Vinol, which is a delicious combination of the medicinal—body-building properties of cods' livers, with the use-less grease eliminated and tonic iron added. We regard Vinol as one of the greatest body-builders and strength creators in the world for aged people.

We wish every feeble old person in this vicinity would try Vinol on our agreement to return their money if it fails to give satisfaction.—Lee P. Allcott, Druggist, Jacksonville, Ill.

P. S.—If you have any skin trouble try Saxo Salve. We guarantee it.

CHAMBER OF COMMERCE DIRECTOR HELD MONTHLY MEETING

Report From Various Departments Indicate Activity—Plan to Fight for Lower Freight Rates is Approved—President Wilson's Panama Tolls Policy Discussed.

A regular meeting of the directors of the Chamber of Commerce was held Tuesday night. Reports were made by the chairman of the various departments and all were of a character to indicate that the organization is doing some good and effective work. Judge E. P. Brockhouse was present to learn the attitude of the various directors toward President Wilson's canal tolls policy and found that the directors regardless of political affiliations were of the opinion that the president is right in maintaining that the toll act must be repealed as a matter of national honor.

Coliseum Talk.

Secretary Fritchey read letters from various organizations relative to general chamber of commerce work and these were placed on file. O. F. Burke, of the promotion committee reported with reference to a coliseum that three ways are possible to proceed. A coliseum can be erected by taxation, with state aid or by forming a company for that specific purpose. Mr. Burke was inclined to think that the taxation method was the best. M. F. Dunlap believed the state plan had some advantages. Henry Frisch spoke along the same line and there was a general discussion of the project which was referred back to the committee for further investigation.

M. D. Gates brought the suggestion that wires on East State street should be placed underground at the time the paving and other improvements are made on that street. He thought this would make a good beginning of the general movement to place all wires underground as touched upon by President Reeves in his inaugural. This matter was talked over at some length and found favor. Dr. Harker reported the recent meeting of the East State street property owners at which the large majority were in favor of an asphalt pavement with cedar blocks for the street car tracks.

May Have Banquet.

The membership committee of which Dr. Cochran is the chairman was granted more time for the consideration of their plan to have a banquet or luncheon for the business men of the city generally. It is proposed to have such a gathering with speeches by men from Chicago who are interested in commercial work.

George Vasconcellos made a report for the Booster club with reference to various matters which which they have under consideration. He told of the work in connection with clean-up week and of the rest room project. The club has several rest room plans under way but is seeking to co-operate with the county commissioners in securing quarters which will be of general public benefit.

H. Bode, chairman of the transportation department made reference to the plan to secure the services of a freight claim agent for a day or two a week and to seek to have the general freights into and out of Jacksonville placed on a par with Springfield. It is estimated that the cost of accomplishing this will be \$1,000 and the committee was authorized to proceed and carry out the plan if possible. The results in Springfield have been so satisfactory that a number of Jacksonville merchants are desirous of trying out the matter here and using every endeavor to secure lower rates.

Would Bring More Patrons.

Frank J. Heini of the department of rural affairs mentioned that the Boys' Corn Club for 1914 is well under way. He spoke of the efforts put forth to arouse interest in the observance of road day and said that the committee had been unable to secure a suitable location for a feed and hitch lot. The sentiment of the directors was that there is no great need for such a lot at the present time. Mr. Heini also brought to attention the matter of joining in the movement to improve the road in Scott county west or southwest from Bluffs to Valley City. Some Scott county people and others in Pike are seeking to have this road improved so that they can have more ready access to Morgan county. Mr. Heini believed that the improvement of this roadway would bring a good deal of patronage into this territory and the directors were all of like opinion. The committee was authorized to raise \$100 to add to the improvement fund. Mention was made of the fact that Hannibal last year spent \$2,000 on roads in Illinois to make Hannibal more accessible from this side of the river.

Think Wilson Right.

Judge Brockhouse was invited by President Reeve to present a motion picture for which he had come to the session. Judge Brockhouse said he had been asked by William Brown of Chicago, in behalf of President Wilson to interview the officers of the Chamber of Commerce and other business men here and to find their attitude toward the president in connection with the Panama tolls matter. He said that the president believed he was right in fighting for the repeal of the tolls act and also that he was reflecting the feeling of the great majority of the people on the question.

President Reeve spoke in unqualified support of the Wilson policy and it developed in the discussion which followed that the various directors regardless of their political faith were also believers in the correctness of the president's attitude. They seemed to feel that the question was not one of politics but rather of national honor and from a business standpoint could see no benefit from tolls accruing to the country at large. Among those who spoke in this vein were M. F. Dunlap, F. J. Heini, Dr. Edward Bowe, F. J. Andrews, W. J. Brady,

POLITICAL FREEDOM.

The individual opinions of directors of the Chamber of Commerce expressed last night when President Wilson's Panama tolls policy was discussed were of interest as indicating the political freedom of action which obtains today. Practically everyone of the twelve or fifteen directors present expressed views coinciding with the president and maintaining that he is right in insisting that the act exempting U. S. vessels from toll payments should be repealed.

The opinions as expressed were in effect that the president is seeking simply to have the United States keep faith and abide by the letter of the treaty wherein it is specified that all nations should be treated alike.

In other words these Jacksonville business men of varying political belief, expressed their opinions of the matter without any political bias. They frankly stated that they did not think it a political question although a Democratic president is using all of the power he can summon to carry out his views on the subject. The time was, and not so very long ago either, when the same number of business men would have lined up strictly according to party belief on such a question as this. The Democrats would have maintained the president is right and the Republicans would have insisted that he is in error.

WIDENING PATRONAGE.

This is "Road Day" and doubtless much will be accomplished in accordance with the governor's proclamation, toward the very desirable end of lifting Illinois out of the mud. Morgan county roads are better today, because of dragging than on this same date any other year since the oldest inhabitant can remember. In fact the further back one can remember the worse the roads were.

Every day merchants are realizing how much good roads mean to this city. Good roads and automobiles are today bringing into Jacksonville patronage which a few years ago it was thought would never reach this city until the days of interurbans.

This applies particularly to Scott county. While the roads are smooth and passable not a day passes but several automobile loads of residents from that county come to Jacksonville to do their shopping. Saturdays there are frequently twenty-five Scott county cars on the square. They bring an average of four people in each car and this means 100 customers for Jacksonville stores. Dragged roads twenty miles in all directions from Jacksonville will make the area to from which the merchants can steadily draw patronage considerably larger than is now the case.

CONGREGATIONAL CHURCHES IN TWENTY-NINTH ANNUAL MEETING

Delegates From Springfield Association Hold Sessions in Local Congregational Church.—The Program Today.

A helpful address by the Rev. F. H. Brown, of Godfrey, and a communion service in charge of the Rev. W. S. Dando, of Illini, and Frank Merrithew, concluded the first day's sessions of the twenty-ninth annual meeting of the Springfield Association of Congregational Churches, held Tuesday afternoon and evening at the Jacksonville Congregational church. At the afternoon session addresses were made by the Rev. George Williams, of Beardstown; S. H. Herbert, of Thorsby, Ala.; the Rev. Harry A. Cotton, of East St. Louis, and William R. Marshall, of Chicago, and the program was followed by a social hour in the church parlors in charge of Mrs. F. J. Wadell, Mrs. G. L. Merrill and Mrs. J. S. Merrill. The addresses and discussion were most profitable throughout and those who attended from among the congregation were well repaid.

"The Value of a Good Name" was the subject of Rev. Mr. Brown in the annual association sermon at the evening service. "When a man's name is mentioned there is brought to mind his life, his character and his work. The name of Washington is uttered and we think of the 'Father of His Country', who freed the struggling colonists from British bondage; mention the name 'Lincoln' and we see the Great Emancipator and his tremendous work during the War of the Rebellion. Of great value then is a man's good name. Life in fact offers little reward if it be besmirched or destroyed. As the author of Ecclesiastes says, 'A good name is better than precious ointment and the day of death than the day of one's birth.' There are times when it is necessary that one indulge in sober reflection and solemn thought, said the pastor. In the words of the scripture, 'It is better to go to the house of mourning than to the house of feasting.' Man should take ample thought and see to it that his greatest treasure be preserved and that his good name be unsullied. He should stand forth with untarnished reputation before his family, the world and his Heavenly Father.

The Afternoon Session.

E. A. Smith, of Alton, was elected moderator at the beginning of the afternoon services and the Rev. W. R. Butcher, of Joy Prairie, was chosen to act as scribe. The moderator appointed a committee on resolutions which will report this afternoon, as follows: Dr. H. C. Smith, of Godfrey; the Rev. D. R. Martin, Alton and George Morton, of Springfield. A devotional service was held at 3 o'clock after which came the Men's conference on the general topic "How Best Develop the Distinctively Spiritual in Our Ministry?" The Rev. George Williams, of Beardstown, made the principal address. He discussed the place of ritualism in the church service and attempted to define the limits within which it is helpful. A profitable address upon "The Old Evangelism" was given by the Rev. Harry A. Cotton, of East St. Louis, and some phases of the new evangelism were illustrated by S. H. Herbert, principal of Thorsby Institute, Thorsby, Ala.

Regarding his work for education in the south, Mr. Thorsby said in part: "The per cent of illiteracy among children of native parentage is 5.7 and among the children of foreign born parents, but 1.6. The bulk of this illiteracy is in the southern states, but it is not the fault of the south. Federal aid for the public schools of the south is a necessity, but, in the meantime, everything possible must be done to help educate the boys and girls who are now growing to manhood." Mr. Herbert is soliciting funds for the support of his school, while in Jacksonville.

The Thank Offering Meeting.

At 3:30 the Woman's Home Missionary Society held the annual Thank Offering meeting with the delegates as guests. Mrs. M. H. Havenhill lead the devotional service and Miss Marion Fairbank gave as a reading, "The Message of Easter." This was followed by an exercise in costume by the children of the Mission Band, entitled, "America's Welcome." Training for this exercise was in charge of Mrs. C. H. Smith, leader of the band and Mrs. D. O. Clark. The Rev. William R. Marshall, pastor of the Ewing Street Congregational church, Chicago, spoke upon the topic, "Impressions of a Recent Trip to Ellis Island, the Schlauffer Training School and the Immigrant Centers." The meeting was closed by prayer by Mrs. J. B. Williamson after which the assembly adjourned to the church parlors for the social hour.

"Two immigrants come to American shores at every tick of the clock," said Rev. Mr. Marshall. They come at the rate of 120 an hour or 2880 a day. In the last ten years 9,000,000 foreign peoples have come to our country. We should say, on viewing this vast stream, not so much "How can we protect ourselves from these people," but "How may we help these people to realize the ideals which brought them to America." What a field for missionary work is this immigrant throng? What a challenge to the church and the Christian men and women who uphold in these later days the name of the Master.

The Program Today.

Following is the program of events today, the second and last day of the annual meeting: 9:00—Business. 9:30—Devotional service—Rev. E. E. Frame, Springfield. 10:00—Book Review.—Rev. F. S. Hayden, Jacksonville. 10:45—An Appreciation of the New Creed.—Rev. D. R. Martin, Alton. 11:30—Reports from Churches. Luncheon at the church.

FARMERS NOTICE

We Are Now Manufacturing Fertilizers For Soil

We have made a careful study of soil conditions and are now putting up an article which is considered the best on the market for INCREASED YIELD OF Corn or Oats. The same has the following analysis:

Bone phosphate	63.09 per cent.
Phosphoric acid	28.90 per cent.
Nitrogen	2.53 per cent.
Ammonia	3.07 per cent.

If you will carefully compare the analysis of our ROYAL BRAND BONE MEAL, you will find that the same is cheaper than the use of Rock Phosphate or any other fertilizers which are now on the market.

It only requires from 100 to 150 pounds of our BONE MEAL to an acre of soil, depending upon the condition of the soil. This will increase your yield of corn or oats from 10 to 20 bushels to the acre for the first year.

We Keep Your Suit New!

The man who does not have his clothes dry cleaned and pressed frequently,—does not get the full wear out of them.

Long before the clothes are worn out the lapels droop over, the coat front breaks, the sleeves wrinkle and pull out at the elbow, the trousers become baggy and lose their shape at the bottom, and the entire suit looks old and disreputable.

Our service keeps them clean and fresh, keeps them shaped right and fitting perfectly until they wear out. It's not only an aid to good dressing—but a real economy, as well.

Take advantage of it frequently.

DR. BOLOTIN APPOINTED PHYSICIAN AT TUBERCULOSIS HOSPITAL

Is Blind Man and Obtained Part of Education at School Here—Made Splendid Record in Recent Examinations.

Dr. J. W. Bolotin, a blind man who has been appointed junior physician of the tuberculosis hospital at Oak Forest received his preliminary training at the State School for the Blind here.

He obtained first place, with fifty candidates competing in the Cook county civil service examination last March. Despite the fact his answers were dictated to a boy of twelve years, and that he lost marks by spelling and writing, Dr. Bolotin scored ninety-six marks out of a possible hundred.

"The ear and hand direct me," Dr. Bolotin said. "Because my sense of hearing and touch have been abnormally developed by the loss of my sight, I am particularly qualified to ascertain at an early stage whether a patient is suffering from tuberculosis. I can detect at a moment's notice the slightest defect in the respiratory organs. I take temperature by the touch. From feeling the beat of the pulse and placing my hand on the chest I find that I am rarely more than an infinitesimal fraction in error beside the thermometer."

Not only does Dr. Bolotin keep a complete record of his patients on file by means of raised braille type but he is an expert on the typewriter, writing his prescriptions accurately and as quickly as any expert stenographer.

Dr. Bolotin is 26 years of age. He received his preliminary education at the state school for the blind in this city. Subsequently he took a four year course at the Chicago college of medicine and surgery, where he is at present lecturer on anatomy.

CLAIMS ADVANTAGES

Our special charter that governs the schools in Jacksonville is a perfect working piece of machinery. The Educational Commission, of which State Superintendent Blair is chairman, admits that Jacksonville and other cities operating under special charters have better fundamental laws to govern their schools than those cities operating under the general school law. There are no points of advantage that the general school law has but what the special charters contain, but there are many points of advantage contained in special charters that are not embraced in the general school laws. The State Educational Commission recommended that the general school laws of the state be amended so that cities operating under the general school laws of the state could have the same advantages and good features as those cities operating under special charters.

The assertions that the special charter of deficient and puts Jacksonville behind the times is all bunk. The special charter is far superior to the general school law in every respect and there is just as much argument in asserting that the Lord's Prayer is out of date because it was offered over 1900 years ago. Many assertions have been made by the advocates of the general school law in giving their interpretations of it. In nearly every instance these assertions are wrong. No two of them will agree upon these points. Readers of the papers should cut out these communications offered by the advocates of the general school law, and should the proposition carry, the people can then see what false prophets they have been.

Don't forget that if the special charter is voted away, it is gone forever. It cannot be recalled. It will be gone in its entirety and the general school law in its entirety will take its place.

JUDGES TO PASS ON LAWS.
Keokuk, Iowa, April 14.—With Judges Smith, Pollock and McPherson on the bench, arguments were presented in the federal court here today on the question of the constitutionality of Iowa's much discussed sterilization law and blue sky law.

The first is to determine whether the state has the right to sterilize its prisoners. The blue sky law is designed to regulate investment companies doing business in the state.

Fresh Paint

By WALT MASON.

It keeps the beauty lover velling to see a dingy, shabby dwelling, that shrieks aloud for paint; it jars his nerves and racks his spirit, and blasts his eyes, or pretty near it, and makes him sick and faint. Some folks will wear such costly raiment you wonder how they make the payment or keep the standoff good; and all the while the shacks they live in are bum and shabby past forgiv'n', old piles of dingy wood. I hold that painting is a duty of every man, a debt to beauty, a debt that should be paid; no odds how high you may be flying, you'll stack up cheap if occupying a battered house and frayed. Then let us buy some oil and ochre, and clean up our old house and soak her with paint that hits the spot; red paint is best—it's rich and mellow—but you can use pea-green or yellow upon your humble cot. Some paints are bright and others duller, but any old three-cornered color will beat no paint at all; so let's go painting, all together, and brighten up our dwelling whether it's hut or stately hall.

EXPLAINS PROCEDURE FOR CHANGING SCHOOL SYSTEM

Mr. Thompson of State Superintendent Blair's Office Answers Inquiries Sent Him—Quotes Sections of the General School Law.

In a letter to a Jacksonville citizen J. C. Thompson of the office of the State Superintendent of Public Instruction, gives his opinion of the procedure necessary for changing the school system from the special charter to the general law. Mr. Thompson has been in the office for a number of years and legal questions are referred to him. The section from the law which Mr. Thompson quotes are given following his letter.

Dear Sir:
I have received your letter of the 17th instant. There are two methods by which a special charter may be abrogated. One is by submitting to a vote of the people the question of organizing under the general school law in the manner provided by section 51 of the revision of 1909. The other, by submitting to a vote of the people the question of electing a board of education having the powers conferred upon such boards in districts organized under the free school laws in the manner provided by an act to give cities, incorporated towns, townships and districts in which free schools are now managed under special acts, authority to elect boards of education having the same powers as boards of education now elected under the general free school laws of this state, approved June 2, 1891.

Your attention is invited to pages 17 and 18 of the school laws of 1914, a copy of which is sent for your convenience, in separate cover.

Whichever statute is employed, the result will be the same. See, as supporting this principle, the cases of The People v. Ricker, 142-659; People v. Board of Education, 166-388. I should like to state here that section 51 of the general school law, as it now reads, is a revision and continuation of sections 15 and 16, article 6, of the revision of 1889. It will be seen, however, upon examination, that the method provided by said sections 15 and 16 of article 6 has been much simplified by section 51 of the act of 1909.

The Jacksonville school district, as I understand it, exists by virtue of a special charter. By the terms of the charter, the mayor of the city of Jacksonville is ex officio president of the board of education. The elective members, four in number, are selected from the several wards, two members being elected each year to serve for a term of two years each. It is further provided that the elective members shall be selected by the people at the city elections of city officers.

The act regarding the commission form of government expressly abolishes the wards and all ward lines. Municipal elections are held only once every four years. During the remaining three years, there are no city elections. In consequence of these changes, the school charters become unworkable.

I do not insist that the commission act be intended to repeal or modify, in any way, the special charter under which the board of education is elected. But I respectfully submit, that the two statutes, under consideration, cannot be reconciled and carried into effect. How are the people to select two members of the board of education at the annual city election, when there is no city election? How are the members of the board of education to be selected from the several wards, when there are no wards?

It is quite true that the commission form of government disallows any municipal government disallows any interference of interfering with the management and control of public schools. But it must be evident to every one, as I have indicated, that the two acts cannot be reconciled and carried into effect. The act of the commission form of government provides only for quadrennial elections. There is no method prescribed by statute for holding school elections during the three remaining years. Any such elections held are unauthorized and, therefore, invalid.

Yours sincerely,
J. C. Thompson,
Assistant.

Petition for Change.
Sec. 51. Any city, township, or district in which schools are now managed under any special Act, may, by vote of its electors, cease to control its schools under such special Act, and become part of the school township, or townships, in which it is situated. Upon petition of fifty voters of such city, township or district, presented to the board having the control and management of the public schools, it shall be the duty of such board to cause to be submitted to the voters at the next ensuing election to be held in such city, township or district, the question of "organizing under the general law." Notice shall be given by posting notices in the five most public places in such city, township or district, at least fifteen days before the date of holding such election, which notices shall be in the following form, to-wit:

Notice of Election.
Notice is hereby given, that on the _____ day of _____, 1— an election will be held at _____ for the purpose of deciding the question of organizing under the general school law. The polls will be opened at _____ o'clock — m., and closed at _____ o'clock — m.

Signed _____
If it shall appear upon a canvass of the returns, that a majority of the votes cast at such election are in favor of organizing under the general school law, then the board having the control and management of schools in such city, township, or district shall give notice of an election to be held on any Saturday thereafter, according to the provisions of this Act, for the purpose of electing a board of directors or board of education, as the case may require; but all subsequent elec-

tions shall be held on the third Saturday in April annually.

Second Method of Action.
An Act to give cities, incorporated towns, townships and districts, in which free schools are now managed under Special Acts authority to elect boards of education having the same powers as boards of education now elected under the general free school laws of this state.

Section 1. Be it enacted by the People of the State of Illinois, represented in the General Assembly, That any city, incorporated town, township or district having a population of not less than 1,000 and not over 20,000 in habitants, in which free schools are now managed under any special Act, may, by vote of its electors, determine to elect, instead of the directors or other governing or managing board, now provided for by such special Act, a board of education which shall be elected at the time and in the manner and have the powers now conferred by law upon boards of education of districts now governed by any special Act.

Section 2. Upon petition of fifty voters of such city, town, township or district, presented to the board having the control and management of schools in such city, town, township or district, it shall be the duty of such board, at the next ensuing election to be held in such city, town, township or district, to cause to be submitted to the voters thereof, giving not less than fifteen days notice thereof, by posting not less than five notices in the most public places in such city, town, township or district, the question of "electing a board of education having the powers conferred upon such boards in districts organized under the free school laws," which notice may be in the following form, to-wit:

Public notice is hereby given, that on the _____ day of _____, A. D., _____, an election will be held at _____, between the hours of _____ m., and _____ m., of said day, for the purpose of deciding the question of "electing a board of education having the powers conferred upon such boards in districts organized under the free school law."

If it shall appear, upon a canvass of the returns of such election, that a majority of the votes cast at such election are "for electing a board of education having the powers conferred upon such boards in districts organized under the free school law," that at the time of the next regular election for board of education for such district; and should there not be sufficient time to give the notice required by law for such election, then such election may be held on any Saturday thereafter, but all subsequent elections shall be held at the time provided by the free school law.

Approved June 2, 1891.

TUESDAY CLUB ENJOYED MUSICAL PROGRAM
The East Side Tuesday club met at the home of Mrs. W. S. Badger, 702 West College street, Tuesday and the following musical program was rendered, under the direction of Miss Myrtle Larimore. The program was from Nevin and was given by Mrs. Elizabeth Martin and Miss Myrtle Larimore, piano and Miss Clara Ranson, voice. Miss Crouch assisted with the program by giving a sketch of the composer.

This was the program:
Biography of Nevin—Miss Crouch Voice—
Life.
Little Boy Blue —Miss Ranson Piano—
Venetian Love Song
Gondoliers
The Rosary —Miss Larimore Voice—
A Summer Day
A Necklace of Love —Miss Ranson Piano—
Twins a Lover and His Lass
Shepherds All and Maidens Fair
Tournament —Mrs. Edgar Martin

In responding to an encore, Miss Ranson sang "The Rosary."
The meeting was largely attended and was one of the most delightful of the club season.

Announcement was made that the next meeting will be held with Mrs. J. Marshall Miller when Mrs. Mary T. Carriel will talk about South America.

Joyful Anticipation of Motherhood

There is apt to be a latent apprehension of distress to mar the complete joy of expectation. But this is quite overcome by the advice of so many women to use "Mother's Friend." This is an external application designed to so lubricate the muscles and to thus so relieve the pressure reacting on the nerves, that the natural strain upon the cords and ligaments is not accompanied by those severe pains said to cause nausea, morning sickness and many local distresses. This splendid embrocation is known to a multitude of mothers.

They have used it during the period when they could realize the value of timely and helpful advice. That is why they recommend it.

Many people believe that those remedies which have stood the test of time, that have been put to every trial under the varying conditions of age, weight, general health, etc., may be safely relied upon. And judging by the fact that "Mother's Friend" has been in continual use since our grandmothers' earlier years and is known throughout the United States it may be easily inferred that it is something that women talk about and gladly recommend to prospective mothers.

"Mother's Friend" is prepared only in our own laboratory and is sold by druggists everywhere. Ask for a bottle to-day and write for a special book for expectant mothers. Address: Bradford Regulator Co., 207 Lamar Bldg., Atlanta, Ga.

It should be remembered that what is said of "Mother's Friend" is the thought expressed by the thousands of women who have successfully used it and recommended it through two generations.

MUSTEROLE, The Great Remedy for Rheumatism
It stops the twinges, loosens up those stiffened joints and muscles—makes you feel good all over.

Thousands who use MUSTEROLE will tell what relief it gives from Sore Throat, Bronchitis, Tonsillitis, Croup, Sore Neck, Asthma, Neuralgia, Headache, Congestion, Pleurisy, Rheumatism, Lumbago, Pains and Aches of the Back or Joints, Sprains, Sore Muscles, Bruises, Chilblains, Frosted Feet and Colds (it prevents pneumonia).

Doctors and nurses frankly commend MUSTEROLE as a substitute for the old messy mustard plaster. Large hospitals use it. At your druggist's, in 25c and 50c jars, a special large hospital size for \$2.50.

Accept no substitute. If your druggist cannot supply you, send 25c or 50c to the MUSTEROLE Company, Cleveland, Ohio, and we will mail you a jar, postage prepaid. Joseph F. Swords, Sulphur, Okla., says: "Your Musterole is very efficacious. It has done away with my Rheumatism pains and aches in a wonderful short space of time."

WHITE SOX CAPTURE THRILLING CONTEST

BATTING RALLING TURNS DEFEAT
INTO VICTORY

Comiskey's Warriors Annex First
Contest of the Season by Timely
Hitting in Seventh Inning—Re-
cruit Drives Bodie Across Plate
With Winning Tally.

Chicago, April 14.—A batting rally
in the seventh inning turned defeat
into victory for the Chicago Ameri-
cans in the opening game of the sea-
son here today and Cleveland lost a
thrilling contest to the White Sox 5
to 2. A two base hit by Tom Daly,
a recruit from Lowell, Mass., who
was sent in to bat for Schreiber,
drove Bodie across the plate with
the winning run.

Wilbert Robinson, the new manager
of the Brooklyn National Baseball
team, will, it is said, imitate the meth-
ods of Connie Mack of the Philadel-
phia Americans in endeavoring to
make the Dodgers champions. Robin-
son believes Mack to be the greatest
of all team developers. Robinson was
formerly trainer of the New York
Giants.

JOHNSON GRANTED NEW TRIAL BY U. S. APPELLATE COURT

Is Held to Have Been Proven Guilty
Only of Transporting Woman from
Pittsburgh to Chicago.

Chicago, April 14.—Jack Johnson,
the negro heavyweight puglist was
granted a new trial today by the
United States appellate court on one
count of the indictment charging
violations of the Mann act of which
he stood convicted. Johnson who
was under sentence of one year in
the penitentiary and to pay \$1,000
fine, was held to have been proved
guilty only of transporting Belle
Schreiber, a white woman, from
Pittsburgh to Chicago for improper
purposes. The other count of the in-
dictment against Johnson was held
not proven, the upper court stating
that the negro had not been shown
to have any commercial interest in
the woman's misdoing. Johnson
left Chicago, secretly nearly a year
ago and probably has been in Paris
since then. Johnson was referred to
the lower court for re-sentence on
the charge on which his guilt was
re-affirmed.

His attorneys were jubilant assert-
ing that it ended the possibility of
Johnson serving a prison term. A
fine they said was the only punish-
ment that could be imposed on him.

"TIZ" EASES TIRED SORE, SWOLLEN FEET

So Tired of Burning, Sweaty, Cal-
loused Feet and Corns? Use "TIZ."

When your poor, suffering feet sting from walking, when you try to wriggle your corns away from the leather of your shoes, when shoes pinch, and feel tight, when feet are swollen, sore, chafed—don't experiment—just use "TIZ." Get instant relief. "TIZ" puts peace in tired, aching, painful feet. Ah! how comfortable your shoes feel. Walk five miles, feet won't hurt you, won't swell after using "TIZ."

Sore, tender, sweaty, smelly feet need "TIZ" because it's the only remedy that draws out all the poisonous exudations which puff up the feet and cause foot torture. "TIZ" is the only remedy that takes pain and soreness right out of corns, callouses and bunions.

Get a 25 cent box of "TIZ" at any drugstore or department store. Get a whole year's foot comfort for less than 25 cents. Think of it!

FEDERAL LEAGUE SEASON OPENS IN PITTSBURGH

Brooklyn Captures Pitchers' Battle
In Ten Innings By Scoring Only
Run of Game.

Pittsburgh, April 14.—Ideal weather, a parade and many spectators marked the opening of the Federal League season here today. Brooklyn defeated Pittsburgh in ten innings, the game being a pitchers' battle between Seaton and Knetzer.

Score:
Club: R. H. E.
Brooklyn 0000000001—1 5 1
Pittsburgh 0000000000—0 4 1

Batteries—Seaton and Owens; Knetzer and Berry.

COBB'S TRIPLE IN 13TH., INNING
WINS LONG CONTEST FOR DETROIT

DETROIT, Mich., April 14.—Bonfires were flickering through the haze in centerfield in the last half of the thirteenth inning today when Ty Cobb drove a triple to the score board which counted two runs, and a moment later, came home with the tally which enabled Detroit to take the opening game of the season from St. Louis 3 to 2.

The score:
Club: R. H. E.
St. Louis 000000000002—2
Detroit 000000000003—3

Batteries—Weilman, James and Agnew, Crossin; Dubuc, Daus and Stange.

PENNSYLVANIA EXECUTIVE
THROWS FIRST BALL AT BROOKLYN

BROOKLYN, April 14.—The National League season was opened here today with a hurrah, Governor John K. Tener of Pennsylvania, president of the organization, throwing out the first ball, the contesting teams raising a new American flag, a band playing and Brooklyn beating Boston 8 to 2.

The score:
Club: R. H. E.
Boston 000000000002—2
Brooklyn 000000000003—3

Batteries—Tyler, Crutcher, Whaling and Gowdy; Reulbach, Pfeffer and Miller.

JAKE DAUBERT PAROLED TO
PLAY AGAINST BOSTON BRAVES

NEW YORK, April 14.—A Brooklyn magistrate paroled "Jake" Daubert of Brooklyn National league club in the Coney Island police court today so that his team might not be deprived of the services of its captain and first baseman on the opening day of the championship season.

Daubert was in court on a summons to explain why he violated, as alleged, the Sunday law relating to baseball.

The magistrate told Daubert he could play with the Brooklyn against Boston today but to be in court again tomorrow.

REO THE FIFTH

Now \$220 Less

Note that Reo the Fifth—Mr. Olds' great car—sells at a new price this year. We have saved you 16 per cent on the car, equipped.

Some parts—like tires and electric starter—cost us less this year. But most of this saving comes from the fact that all special machinery for building this model has been

charged against previous output.

And note that this car—at \$220 less—has

The new streamline body
Electric starter and lights
A 35-horsepower engine
Oversize tires—34x4
Dimming searchlights
One-rod control

The Car That Stays New

Nobody doubts that Reo the Fifth is the best-built car in its class. It embodies all Mr. Olds' extremes, based on 27 years of car building.

It takes six weeks to build each car, because of the utter exactness, the countless tests and inspections.

The steel is twice analyzed. The gears are tested for 75,000 pounds per tooth, the springs for 100,000 vibrations.

The car has 15 roller bearings, 190 drop forgings. It has a costly clutch which prohibits all gear clashing. It has the simplest gear-shift in the world.

All driving parts are built one-half stronger than necessary—built to meet the requirements of a 50-horsepower engine.

10,000-MILE TESTS.

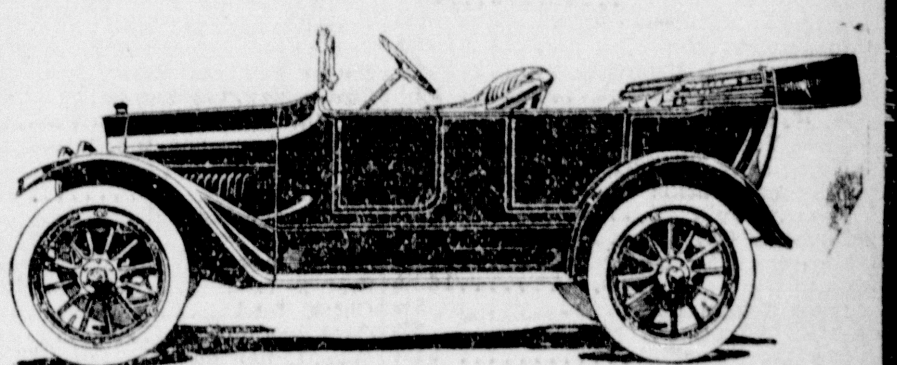

Test cars with this chassis have for years been kept running at high speed night and day on rough roads. After 10,000 miles of reckless driving the test car is taken apart, and every driving part is required to show up in almost perfect condition.

No other modest-price car has ever been built in this slow, careful, costly way. But the result is a car that stays new. It saves the average user hundreds of dollars in troubles, repairs and upkeep.

Men who know are buying cars like this. The spring demand is always twice the factory output. March sales have broken every record.

We urge men who may want this honest car to come and see it now.

WHO IS YOUR TAILOR?

Every man in America has a tailor. The man who wears a \$10 suit, as well as the man who pays \$100. The important question is, "Does your tailor know you?" Is he capable of designing a suit for you individually? Can he put your own personality into your garments? Build it so it will express you; look like you; actually be you; or does he make the same suit for everybody?

Do you care how you appear to other people? Does it matter to you if your coat bunches on the shoulders, creeps up on your neck when you sit, wrinkles in the back or sets away from the collar? Do your trousers draw? Are they too wide or too narrow in the thighs and leg to suit your build? All these faults are not necessary, and are overcome when your garment is designed and tailored by one who knows you and studies your individual requirements. It costs no more to own a tailored-to-measure suit which will have none of these objectionable things. You can get harmony in color and fabric, style, snap, fashion and design, and comfort in the fit and wear of every suit we make for you.

You can't get a bad job from us. We won't let you have it.

WORLD'S LATEST FINANCIAL AND MARKET NEWS

TIGHTNESS IN MAY DELIVERY
OF WHEAT BECOMES ACUTE

Big Decrease in World's Available
Stock Adds Force to Bullish Sen-
timent.

Chicago, April 14.—Tightness be-
came acute today in the May delivery
of wheat. Offerings were so scarce
that shorts who wished to cover had
to bid prices up with such vigor as
to affect the entire market. The
result was a strong close at 1/2 to
3/4 net advance. Corn finished the
same as last night to 1/2 to 3/4 higher,
oats unchanged to 1/4 off and pro-
visions down a shade to 1/4c.

Additional force to bullish sen-
timent came from a big decrease in the
world's available stock. On the other
hand, there was a good deal of
surprise over suddenly enlarged ar-
rivals at Winnipeg. The number of
cars reported as having reached the
Canadian terminal for last 24 hours
was 600, a huge total for this time
of the year. Oats severed company
with corn owing to ideal weather
and because of liberal shipments
from Minneapolis to Chicago.

Provisions sagged late in the day
under selling credited to packers.
The strength in corn however, and
the tightness of wheat led to some
covering in shorts.

MUCH WEARINESS DEVELOPS
IN NEW YORK STOCK MARKET

Stocks of All Classes Give Way and
Losses of One to Two Points Are
Numerous.

New York, April 14.—Pronounced
weariness developed in the stock mar-
ket today with a largely increased
volume of trading. Stocks of all
classes gave way and there were
numerous declines of one to two
points with larger losses in excep-
tional cases. Not only was profes-
sional selling heavy but it was evi-
dent that for the first time in sev-
eral weeks liquidation on a consider-
able scale was in progress. The de-
cline was influenced by the serious
turn in the Mexican situation.

Houses with Washington con-
nections early in the day received ad-
vice regarding the Mexican problem
which, as they were circulated in the
street provided the basis for ef-
fective short selling. The decline
continued without important inter-
ruption throughout the session.
When the news came in the last hour
that the Atlantic fleet had been or-
dered to Tampico supporting orders
were rushed in to prevent a bad
break and the market rallied slight-
ly.

MARKET LETTERS.

Chicago Live Stock Market.
Chicago, April 13.—(Chicago) S.
Green, with Walter Bros., U. S.
Yard, Chicago, reports the estimat-
ed receipts for Monday, April 13:
Cattle—21,000.
Hogs—22,000.
Sheep—18,000.

Barring prime kinds prices react-
ed and bulk 10 to 15c off from last
week's close. The best demand cen-
tered on good to choice yearlings
and finished light weights; steers
and heifers averaging 790 pounds,
\$9.30. Prime 1,492 and 1,600
pounds at \$9.50. A fair crop of me-
dium to good weights and choice,
\$9.00 to \$9.25. Bulk good handy to
heavy weights, \$8.50 to \$8.80. Medi-
um grades largely \$8.10 to \$8.50.
At \$8.00 and down to \$7.50 it was a
plain and only decent kind. Tail-
ings, not quality enough for feeder
competition, \$7.15 to \$7.50. New
York last week received a new high
record of 58,559 quarters of beef
from Argentine. Stockers and feed-
ers firm. Butcher stock steady to
strong. Bulls steady. Calves 25 to
50c lower.

Pat cows, \$5.10 to \$7.85.
Heifers, \$6.50 to \$8.50.
Bulls, \$5.50 to \$7.25.
With extra prime, \$7.30 to \$8.00.
Calves, \$6.00 to \$10.00.
Inferior stockers to good feeders,
\$6.35 to \$7.60.
Selected choice to extra, \$7.75 to
\$8.00.
With good weights and quality
quotably, \$8.00 to \$8.10.
Hogs strong to 5c higher.
Mixed packing, \$8.70 to \$8.82 1/2.
Medium and butchers, \$8.82 1/2 to
\$8.87 1/2.

Rough heavy packing, \$8.20 to
\$8.50.
Select packing and shipping,
\$8.80 to \$8.95.
Light weights, \$8.75 to \$8.90.
Pigs and throw-outs, \$2.50 to
\$9.40.

Sheep 10c higher. Bulk yearlings
and lambs 10 to 15c higher.
Western wethers, \$6.75 to \$6.85.
Shorn western yearlings, \$5.50 to
\$6.75.

Native lambs, \$7.50 to \$7.75.
Spring lambs, \$10.00.
Western lambs, \$6.50 to \$8.25.
Shorn western lambs, \$5.50 to
\$7.15.
Western feeding lambs, \$6.50 to
\$7.25.

Kansas City Market.

Kansas City Stock Yards, April 13.
Country buyers thoroughly cleaned
out the yards last week, particularly
of everything in the stock cattle line,
and killers willingly bought the
feeders that did not go to country
buyers. Prices ranged 15 to 35c
higher for the week as total cattle
receipts were light. Shipments to
the country aggregated 9,000 head,
as compared with 12,000 head the
previous week, and 8,000 head same
week last year. The supply today is
11,000 cattle, 3,000 more than came

In last Monday, and the total for the
week should be considerably in ex-
cess of that of last week. Killing
steers sold weak to 10c lower today.
Cows steady, stockers and feeders
steady to strong. Grass is now ready
to turn cattle on, and from the ur-
gency of the country demand for
stock cattle, owners of pastures are
preparing to take good care of the
grass. Not nearly as many cattle are
being brought up from Texas this
spring, either to Oklahoma or to
Kansas pastures, and many pastures
remain empty, which may have a
strengthening effect on the stock cat-
tle market for awhile, and unless
they are filled also on the fall beef
cattle supply. A few yearlings sell
up to \$8.25, bulk of the stock steers
\$7.00 to \$8.00, feeders up to \$7.85,
springer cows and heifers \$5.50 to
\$7.00. A year ago stockers sold up
to \$8.15, and best feeders \$8.20. The
sharp reversal of form in the stock-
er and feeder market last week was
seasonable, and dealers look for the
strength to hold.

J. A. Rickart,
Market Correspondent.

East St. Louis Live Stock Market.

National Stock Yards, Ill., April
13.—Blakely-Sanders-Mann Co., say:
Cattle receipts today were 2,100, a
very moderate supply for the initial
day of the week. The offerings of
beef steers were of a very moderate
proportion and all grades sold ac-
tively and steady to 10c higher. There
was a good representation of butcher
cattle, which ran largely to fat year-
ling steers and heifers. The packers
seemed desirous of taking on what
was offered and bought them fully
steady with the close of last week.
Cow receipts were light and the mar-
ket generally 10 to 15c higher; this
applied on all kinds of cows, except
canners and cutters, which are about
steady with the close of last week.
We had a very meager supply of
stockers and feeders; the demand
was good for the good qualified
kind, the buyers showing a decided
preference for the high qualified,
thin fleshed cattle. Milk cows were
unchanged, not many on sale. We
think that the demand for beef will
strengthen now that the Lenten sea-
son is past and look for an improve-
ment in the market, especially so on
the good beef steers.

Hogs—Supply of hogs today
amounted to 10,500; the market was
active and fully 5c higher; top was
9c for one load of choice sorted hogs.
Most of the good hogs sold \$8.85 to
\$8.95; light weights, \$8.50 to \$8.85;
good pigs, \$8.00 to \$8.50; light pigs,
\$7.00 to \$8.00; rough packers sold
largely around \$8.25. Do not think
the run will be very heavy and look
for a fairly good market.
Sheep—We had a very light run
of sheep, and the market ruled
strong and active on all good killing
kind.

Paints and Finishes
for Your Home

If there is a shabby surface in your home to be
painted, enameled, stained, varnished or finished in
any way, we have just what you need for producing
the exact finish desired in the line of

ACME QUALITY
PAINTS AND FINISHES

Let us show you colors for painting your house
or barn, samples of finishes for floors, woodwork,
walls, ceilings or furniture. Let us help you make
shabby places look new and attractive.

COME IN and get a copy of THE ACME QUALITY
PAINTING GUIDE BOOK. It tells what Acme Quality Paint,
Enamel, Stain or Varnish to use, how much will be required and
how it should be put on. It not only enables you to tell your
painter or decorator exactly what you want, but it makes it easy
for YOU to refinish the many surfaces about the home that do
not require the skill of the expert—the jobs that a painter would
not bother with. Ask for a copy. IT'S FREE.

Are Your Glasses Becoming?

You don't want awkward "all eyeglasses" looking glasses.

We have made a study of facial characteristics, and select the size, style and shape of eyeglasses most becoming to the face of the wearer. There is a "knack and know how" about proper eyeglass fitting and adjusting, that we have long ago discovered.

With the glasses we make, you look well from either side.

SEVERE ITCHING AND BURNING

Eczema Began With Pimples on Lower Limbs. Constantly Tormented. Cuticura Soap and Cuticura Ointment Cured in Ten Days.

203 Walnut St., Hillsboro, Ill. — "My child had a breaking out on the lower limbs which developed into eczema. The eczema began with pimples which contained yellow corruption and from the child's clothing they were greatly irritated. They seemed to burn, which made the child scratch them, resulting in a mass of open places. They made her so cross and fretful that it was impossible to keep her quiet. They caused her to lose much sleep and she was constantly tormented by severe itching and burning. "I tried several well-known remedies, but got no relief until I got a sample of Cuticura Soap and Ointment, which did so much good that I got a large quantity that cured her in ten days after she had been affected for two months." (Signed) Mrs. Edith Schwartz, Feb. 28, 1913.

WILL DISCUSS PROBLEMS RELATED TO CHILD WELFARE

Third International Congress Will Meet in Washington Soon—Present Day and Past School Methods Will Be Compared.

"Are the fundamentals in education taught as thoroughly today as they were in the old-time school?" "Are pupils developing the power of concentration today as fully as they did in the schools of our forefathers?" "Are present-day schools preparing children for life as fully as did the schools of a quarter of a century ago?"

These three questions of the highest concern to every parent and teacher, not only in the United States but in the whole civilized world, are set for discussion and authoritative answer at the forth coming third international congress on the welfare of the child, to be held under the auspices of the National Congress of Mothers and Parent-Teacher associations in Washington, April 22-27.

The particular discussion, of which the three questions form the subject, is to be led by Dr. M. V. O'Shea, professor of psychology in the University of Wisconsin, who is chairman of the national department of education of the national congress of mothers. Dr. G. Stanley Hall, of Worcester, Mass., and Dr. Helen C. Putnam of Providence, R. I., are among others expected to participate in the discussion, which has been arranged for Saturday evening, April 25.

Dr. O'Shea is making careful preparation for this feature of the congress program, it is stated at the Washington headquarters, and is selecting as participants those whose opinions will have the weight of authority based upon wide study, observation, and experience. The discussion is thus assured of being one of the most valuable contributions of present times toward a solution of the problems involved.

Following this symposium of present day educational methods and tendencies, Dr. O'Shea is also planning for another, entitled "New times bring new problems in child training." This discussion, like the first, will attempt to throw light upon the following important questions:

"Can the individual home train its children effectively with regard to social, ethical, and moral problems in contemporary urban life?"

"Is it feasible and desirable for communities to act as a unit in determining the conduct of the young in present day life?"

"Will a school as a social center solve the problem of the social, ethical and moral training of the young in present-day American life?"

These three questions, vitally touching the relation of the parent to the training of the child, are also designed to focus attention of parents and teachers upon new problems that are the product of modern civilization.

The tendency of parents to shift the responsibility for the entire training of children to the schools; community action, as expressed in juvenile courts and otherwise, in determining youthful conduct; and the value of the modern use of schools for social center purposes are to be fully considered in this supplementary discussion.

The whole program, extending for a week, is rich in contributions to child welfare, and is expected to be one of the most important international gatherings ever held in Washington or in the United States.

Mrs. Frederick Schoff of Philadelphia, an official of the United States bureau of education, is president of the national congress under the auspices of which the third international congress on the welfare of the child is to be held. Its officers, counselors, and managers comprise many of the leading educators and philanthropists in the United States.

DISCUSS MARKETING

Chicago, April 14.—Much importance attaches to the three days' conference which was opened at the Hotel LaSalle in this city today under the joint auspices of the Western Economic society and the National Conference on Marketing and Farm Credits. Questions of rural credit systems, the marketing of farm products and the application of the Sherman anti-trust law to farmers' organizations are slated for discussion.

Co-operation among farmers and between farmers and consumers is to be discussed by President H. J. Waters of the Kansas agricultural college, Dr. John Graham Brooks of Harvard university, R. A. Campbell, secretary of the Wisconsin board of public affairs, and other men of prominence.

Other speakers and their topics will include the following: "The Relation of Farmers to the Trust Question," Samuel Untermyer, the distinguished New York lawyer; "The Relations of Organizations to the Sherman Anti-Trust Law," Dr. Charles R. Van Hise, president of the University of Wisconsin; "The Economic Functions of Middlemen," Prof. David Friday of the University of Michigan; "The Tenant Farmer and the Marketing Problem," Prof. Charles W. Holman of the University of Wisconsin, and "A Bureau of Markets," Congressman H. W. Sumners of Texas.

MARKHAM.

The Ladies' Aid of the Point church gave a very successful social last Thursday evening at the church. Miss Sadie Irlam of Woodson returned to her home Friday, after a few days' visit with her sister, Mrs. H. R. Blimling.

Easter Sunday was observed at the Point and Mt. Zion churches Sunday afternoon.

Miss Norma Perbix of the Woman's college spent her Easter vacation with her parents near Markham. Because of the uncertain weather there was not a large crowd at the Mt. Zion church Friday evening at the social and bazaar given by the Ladies' Aid, but a good time was enjoyed by those who were there.

Miss Henrietta Clark is spending a few days in Springfield.

SINCLAIR.

Elisha Bingman has 20 hens setting and 35 little chicks.

Samuel Stockton of Chicago was called here to the bedside of his mother, Mrs. Keiziah Stockton, who is seriously ill.

Mrs. Hattie Swain has 140 little chicks.

J. N. Sinclair of Virginia was here on business recently.

Bert Sinclair of Alexandria bought two Hereford cows with calves. He paid \$100 each for them.

Andy Porterfield, who recently worked for M. T. Fox, expects to move to Tennessee soon.

We had Easter service here Easter Sunday by Rev. H. F. Cusic and a selection from Miss Nellie Jumper, and a special song or two.

Mrs. John Moore and children visited her father, N. B. Fox, Saturday.

The carpenters are putting up a new fence around the cattle lots and changing things a little.

Dr. Robert Henley was called Sunday to Amos Swain's on account of a sick horse.

Charles Ausemus received a telegram from Kansas that his father had passed away. Mr. Ausemus left on the 3:40 train to attend the funeral. He dismissed his school for this term, which would have ended April 22.

Edwin Hairgrove is hauling lumber, sand and brick to erect a new house on his farm, north of Sinclair. Miss Edith Hopcroft returned to her home in Sinclair, after visiting in Jacksonville a few days.

Last Friday evening an Easter social was given at the hospitable home of Henry Dauber by the members of the Hebron Sunday school. The boys were to pay 19 cents and the girls bring half a dozen eggs. The boys roasted the eggs and the girls made the candy, which was fine. Many compliments were passed on the social. Music and games were indulged in. About 50 persons were present. The occasion was one of great pleasure.

EVANSVILLE MURDER TRIAL.

Evansville Ind., April 14.—John Hill, a bridge carpenter whose home is in Nashville, Tenn., was arraigned for trial here today on a charge of first degree murder. In the early part of last month Hill and John H. Brown fought a duel here with revolvers. Brown was severely wounded, and Pearl Vittetow, a bystander, who tried to separate the men, was killed.

CONTINUE CONSPIRACY CASES UNTIL MAY TERM OF COURT

QUINCY, Ill., April 13.—The cases of Harvey Six and of Peoria and U. A. Brady of Decatur, charged with conspiracy to defraud companies by burning the Cassidy Popery in Quincy, were continued today in the Adams county circuit court until the May term. The continuance was asked by Wilson and Wall attorneys for Brady and the state. State's Fire Marshall Walter Bennett making no resistance. The date for the cases has not been set. Neither Brady or Six were present. Six, it is said, will turn state's evidence when the cases are called. He is now serving three years in Joliet for burning the Aldine Hotel at Peoria with S. F. Darr and defrauding insurance companies.

TO TRY TWO FOR MURDER.

Benton, Ark., April 14.—A special term of court convened here today for the trial of Clarence Lee Dewein and "Shorty" Joe Strong, the two youths charged with the murder of L. H. Thompson last fall. The victim, who was an aged merchant, was beaten to death and then robbed. According to the authorities both of the accused men have made complete confessions of their guilt in connection with the crime. Dewein's parents, who are respectable and well-to-do residents of Belleville, Ill., have retained C. P. Johnson, former lieutenant governor of Missouri, to assist in the defense of their son.

POSTMASTER UNDER SERIOUS CHARGE.

Kindersley, Sask., April 14.—A notable trial at the spring setting of the supreme court, which began here today, will be that of R. A. Hardy, postmaster of the town of Elske, who is charged with having murdered a Chinaman named Lee Yuen. The latter was found lying in the roadside on the evening of February 25, bleeding profusely from a gash in the throat. In his dying statement the Chinaman accused Hardy of the crime.

THE HIGH COST FALLACY

Some people have a mistaken impression regarding plumbing. They believe there are two kinds—the cheap job of seconds with skimpy workmanship and the unnecessarily expensive quality installation.

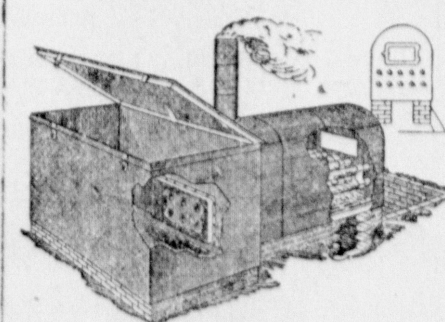

Such reasoning is entirely without the bounds of fact. When building rest assured that your plumbing equipment can be what it should be—satisfactory in design, durability and price.

This we wish to demonstrate by going over your plans with you and showing the wide range of suitable "standard" guaranteed plumbing fixtures which with our charge for installation will satisfy you as to quality and reasonableness of price.

MR. AND MRS. O. A. WILSON
SURPRISED ON WEDDING DAY

Pleasant Gathering of Families Held in the Nortonville Neighborhood

Mr. and Mrs. O. A. Wilson were very pleasantly surprised at their home two miles south of Nortonville Sunday by thirty of their relatives and friends, the occasion being their third wedding anniversary. At the noon hour a bountiful dinner was served, prepared by the guests. The hours passed all too quickly for the guests.

One of the pleasant features of the day was the Hough and Henry families all being together as they were all raised in the same neighborhood. After having a group picture taken all departed for their homes with many happy thoughts of the good dinner and with well wishes for Mr. and Mrs. Wilson and family.

Those present were Mr. and Mrs. John Hough and son James of Ceres, Mr. and Mrs. Norris Bracewell and son Byron Wayne, of Greasy; Mr. and Mrs. Edwin Sooy and sons Lawrence and Oliver, Mr. and Mrs. Robert Henry and daughter Wenona, Mr. and Mrs. Irvin Henry and son Ralph, Mr. and Mrs. Ernest Henry, Mr. and Mrs. Fletcher Seymour, Mrs. Christopher Henry, Mr. and Mrs. Verne Grider and son Norman, Mr. and Mrs. C. E. Edwards, and daughter Mina, Mrs. James Grider and daughter Inez all of Nortonville and Miss Etta Robson of Franklin.

WILL DIVIDE JACKSONVILLE INTO
DISTRICTS FOR CLEAN-UP WEEK

Committee Appointed to Look After Work in Different Wards and to Organize Each Block of City for Thorough Campaign.

The districting of the city for the clean-up campaign, the week of April 20, was the main theme of discussion at the meeting of the general clean-up committee Tuesday afternoon at the city hall. Districts for work will be formed within each ward and it is planned to have each block in the city included within some one division, with a person responsible for conditions in each district. The districting committee consists of Commissioner Knollenberg, chairman; Mrs. Thomas Worthington, Mrs. Thomas Newman, O. H. Spaulding, Paul B. Fritchey and a representative of each of the wards. Mrs. Louis Engel, first; Mrs. S. M. Fairbank, second; Mrs. T. H. Buckthorpe, third and Mrs. John Cherry, fourth. Mrs. D. W. Reid presided at the meeting Tuesday afternoon which was well attended and full of enthusiasm for a successful campaign. Reports were read from the chairmen of the committees, having charge of the presentation of the work to the school children, the advertising of the campaign, its financing and the work in the different wards.

Inasmuch as the city has provided a free dumping ground on Puley street near the Wash, it was thought that the expense of hauling the refuse so far as possible by property owners themselves. Last year there was a disposition manifested to take advantage of the city and make of clean-up week a time to have one's garbage and rubbish hauled at municipal expense.

A balance of \$25 is in the treasury for defraying advertising expenses and for the providing of prizes, according to Mr. Knollenberg, who made the finance committee report in lieu of Mr. Potter, the chairman. The publicity committee will have 2,800 circulars distributed over the city and will request that announcements of clean-up week be made next Sunday by the various ministers. George W. Imgrund and Com. Newman reported for the park committee and told of plans to institute a general observance of Arbor day in the schools of Jacksonville.

AUGUSTA HONORS MAJOR BUTT.
Augusta, Ga., April 14.—The tribute of his home was paid to Major Archibald W. Butt today. The memory of Augusta's distinguished son and hero was honored in a way to be remembered by the thousands of citizens who gathered at Fifteenth and Grace streets to witness the dedication of the elaborate bridge erected there as a memorial to their noble fellow townsman who met a heroic death in the Titanic disaster two years ago today. The exercises were conducted under the auspices of the Grand Lodge of Masons of Georgia. Former President Taft, whom Major Butt served as personal aid, delivered the address of the day. Dr. M. Ashby Jones presented the bridge to the city in the name of the Archibald Butt Memorial association. Patriotic societies, regular troops and militia detachments from Georgia and South Carolina participated in the ceremonies. A distinguished delegation from Washington also was present.

AMERICAN ASSOCIATION OPENS.

Indianapolis, April 14.—While major league cohorts are absorbed in the initial play of their respective circuits, the fans of the American Association today have their long anticipated opportunity. It is the 13th season for the association and all indications point to a spirited pennant race. The circuit remains the same as last year with the exception that the Toledo club has been transferred to Cleveland. Several changes have been made among the team managers and many new faces are to be seen among the players. William Armour, former Detroit manager, has succeeded Charlie Carr as manager of the Kansas City club. Jack Hendricks has taken Mike Kelley's place as pilot of the Indianapolis aggregation. The Cleveland team has been placed in charge of Jim Sheppard, formerly of the Cubs. In today's opening games Columbus plays at Louisville, Minneapolis at Kansas City, St. Paul at Milwaukee and Cleveland in this city. The season's schedule calls for 168 games, closing September 27.
